

MISSION STATEMENT

Gulf Restorations strives to be the premier construction restoration company within our target area. We are dedicated to a strong partnership between customers, insurance companies, suppliers, and employees.

We guarantee the highest quality, efficiency, and convenience for our valued customers. Your home or business, as good or better than it was before!

COMPANY PROFILE

We at Gulf Restorations Inc. are experts in all areas of property restoration and insurance loss. From a busted pipe, to a structure fire, to mould remediation, we are certified and professional for any job, large or small.

For any emergency situation we offer 24 Hour emergency service, 365 days a year. Beyond the emergency-response stage, we provide a FULL-Service restoration solution for the affected structure and its contents including mould remediation.

We are locally owned, licensed & insured. All of our jobs are assigned to dedicated experienced project managers.

Our employees have all passed criminal and background checks. All of our work is guaranteed for 1 full year.

QUALITY ASSURANCE

Our goal at Gulf Restorations Inc. is to provide quality restoration services to owners of both commercial and residential properties in our target area.

At those unthinkable times when catastrophe strikes, our loss specialists are ready to assist with expert restoration of residential and commercial property.

We care about our customers and their needs and are fully committed to providing them quality in workmanship, material, and service for a quality restoration experience.

FIRE & SMOKE DAMAGE

Gulf Restoration Inc.'s certified professional technicians will work quickly to stop the damage and restore your home and contents back to pre-fire condition by using cleaning systems and equipment that will help eliminate costly replacement of restorable items.

- We will board up the structure to prevent exposure and further loss
- Professionally clean upholstery, drapes, carpets and other flooring, walls and other contents to prevent replacing
- Remove smoke and odours that penetrate and absorb into building materials
- No fee estimating with "Xactimate Computerized Estimates"
- Digital photos of each loss

WATER DAMAGE

Our certified technicians know how to effectively handle water damage to your structure and contents, put safety first and call a professional in your time of crisis. Immediate action is important, your home or business and its contents are less likely to grow mould.

- 24 Hour a day emergency service for Residential or Commercial.
- We extract the water and implement a drying and dehumidification process to facilitate a proper drying.
- Complete disinfection & sanitization.
- Our quick response and treatment options can help reduce further damage due to mould.
- No fee estimating with "Xactimate Computerized Estimates"
- Digital photos of each loss

MOULD DAMAGE

Mould remediation includes the identification and correction of the conditions and causes of mould growth, as well as the safe and effective removal of damaged materials.

Our first priority is to examine the problem and solve the "water in" factor (is this from a leak in the building envelope, a flood, capillary action or condensation). Once we find the source, we remove standing water and all dangerous elements.

Mould is a hidden and invasive problem that requires professional assistance. Gulf Restorations Inc. has standard methodologies and applications in mould assessment, mould remediation, state-of-the-art equipment, and the knowledge to eradicate your mould problem.

WIND DAMAGE

Gulf Restoration Inc.'s certified professionals will respond to the most challenging situations and have the ability to deal with any type of wind damage. Fast action by our experienced restorers will make a difference when assessing the structural damage to a property.

**GRAFFITI REMOVAL**

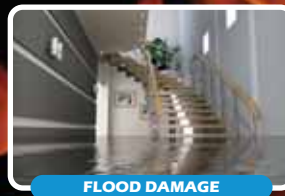

We have many different procedures for removing all forms of graffiti and vandalism. We can remove graffiti from all surfaces and once removed we can install coatings to protect against graffiti.
